Blurb

When Fae prince, Tory (AKA *Rumpelstiltskin*), rescues his favorite author from a fatal accident, Ramona Mainstrom is sucked into the fairy world. Thrilled with the turn of events, Tory binds himself to the conditions of Ramona's stay and promises her protection.

As word of his guest leaks, his do-good brother, King Oberon, decides to rescue Ramona from the clutches of old 'Rattle Clank'. But Ramona most emphatically does **not** want to be rescued, obliging Rumpelstiltskin to honor his deal with her; a deal which gives him unfettered use of his magic for the first time since robbed of his full Fae powers.

Now, it's Rumpelstiltskin to the rescue and there's gonna be hell to pay!

Pay Me Not in Gold is a short and clean portal romance. The 'Ramona Mainstrom' character is based loosely on the author persona by the same name. She is written with respect, affection, and permission. *No romance authors were harmed in the making of this tale* ♥
